Fresh oysters received daily at A. J.

Call at the Star Clothing Store and

see how cheap they are selling under-

arrested. Policeman Hennessey ar-

rested a young man at the College

yesterday afternoon for drunkenness.

Early. We go to press one day in

advance, so that our employees can

have a chance to see the fair.

Mrs. Mary Morris, and H. Hessel

have our thanks for a basket of very

fine grapes. They were duly appre-

ciated.

Fair weather for the fair and a fair

prospects for a success financially and

otherwise.

P. R. Since visiting the above the

probabilities are that it is a little un-

derstandable weather, we mean.

The entries of fair horses are very

large for a county fair, and there is a

fine prospect for a lively time among

horsemen. The number of entries of

the department are in excess of last

year, and if the weather continues

favorable the fair will be a success.

Quarterly Meeting. The quarterly

meeting of the Evangelical church will

be held in this city on next Sat-

urday and Sunday in the church on

Handy street. Rev. J. St. Paul, pres-

iding elder, will officiate.

Accident. Monday afternoon, John

Hess, an employee of the Agricultural

Works, had his hand caught in a

planing machine, and three fingers

cut off.

We acknowledge the receipt of an

invitation to attend the first ex-

position of the Tiffin Tribune, which

will be held in this city on next Sat-

urday, Sept. 10th, for which the Secre-

tary will accept our thanks.

To-morrow twelve hundred dollars

will be offered in premiums for the

different varieties of flowers, at the

Cincinnati Exposition. If that is not

a great inducement to cultivate flow-

ers, we don't know what is. Their

beauty and fragrance alone are richly

worth the time and expense employ-

ed in their culture. Then plant more

flowers.

"Music hath charms to soothe the

savage breast." This sentiment

will be realized by the attend-

ing the fair who will have the pleas-

ure of hearing the music in the new

hall at the fair. And right here we

call attention to the new advertise-

ment of the fair. It is one of the

leading dealers in pianos and

organs in the west, and has con-

cluded to establish a branch office in

Tiffin, Ohio. It is represented by

W. W. Hessel, a musician, who will

entertain all who wish to see the

instruments on exhibition at the fair

grounds.

Atlantic & Lake Erie Railroad.

The Ohio Construction Company

has abandoned their contract for the

building of this road and another

company has been organized with a

capital of \$1,000,000, to go

forward with the construction of this

very important road. There is no

more feasible railroad project now

interesting its feasibility, and we are

glad to see the new building, to hear

of the new project, and to see the

great thoroughfare for the shipment of

coal, lumber, etc. This road seems to

be about as certain as the un-

finished portion of the M. & C. L. M.

road.

The new Court House at Perryburg

was dedicated on Thursday, last

week, with considerable ceremony.

Eighteen cars of the R. & O.

and D. M. railroads were char-

tered and were filled with passen-

gers who went over to the new build-

ing to see the new building, to hear

of the new project, and to see the

the alarm was given; but before the

engine arrived the fire had got un-

der considerable headway, and about

the time the engine arrived the fire

on the flames a large leak in the hose

delayed matters a short time, and

when this difficulty was overcome a

few good pulls at the brakes ex-

hausted the engine. The engine

had to be moved to a well

within a few feet of the burning

building. This well gave out before

the fire was any where near ex-

tinguished, and notwithstanding

the fact that the hose had been

from the B. & O. water tank, the

fire gained rapidly, while the en-

gine was allowed to remain idle about

ten or fifteen minutes, when it was

taken to the O. & N. water tank,

a stream of the fire, which seemed

to communicate to the main

building, as it was ablaze in several

places, but this was prevented, and

the fact that the hose had been

with its contents, was totally de-

stroyed. The loss will not exceed \$1200,

and is fully covered by insurance.

It may be well to mention that the

fact that the hose had been

with a will, but there was no

control over either his man or his

self.

The Rev. Leonard, of Bucyrus, was

in this place on Sunday, last, and

was able to officiate in the church

service. Monday morning he favored

the Normalists with a few interest-

ing and edifying remarks, and en-

joyed the devotional exercises at

chapel. He left here at 10:30 A. M.

the same day.

About nine o'clock Monday morn-

ing a rough and tumble fight took

place at the corner of Main street,

opposite the L. E. & D. M. rail-

road. The fight was between two

men, one of whom was a young man

by the name of Ad. Bonnell, and one

of the name of John J. Hessel, who

was a well known pugilist. The fight

was a very close one, and the

winner was not decided until the

last round, when Hessel was de-

clared the winner. The fight was

very exciting, and the crowd was

very large. The fight was
